

# Crystal Waters Permaculture Eco-Village

A community working  
toward balanced  
natural ecology.

## Crystal Waters Village Markets

The Crystal Waters Village Market offers a unique and enjoyable experience for all. On the first Saturday of each month visitors and stall holders come together to delight in the community atmosphere that Crystal Waters Permaculture Village is famous for.

Visitors can purchase a variety of produce for sale at the markets and be assured that they are improving their health and lifestyle in various ways.

- A broad selection of freshly-picked organic and biodynamic vegetables and salad greens from Crystal Waters and local surrounds provide affordable nutritious, chemical-free food to support you and your whole family's health.

- Enjoy the aromatic tastes of fresh organic sourdough breads straight from the wood-fire oven bakery. With so many options you will enjoy coming back each month to sample different breads. Wholesome, hearty and truly satisfying - you'll know for yourself why our breads are so popular.

- Other culinary produce such as jams, dried herbal teas, raw organic honey varieties, nuts and desserts present that traditional flavour and fundamental ingredients you've been searching for ever since you last tasted your grandma's cooking.

- For all your other food purchases The Village Organic Farm General Store provides a wide selection of essential produce from fruit and vege to organic meat, nuts, grains, dried fruits, dairy as well as personal toiletry items.

- For the creative souls that appreciate various art and craft pursuits you will marvel at the talent that the Crystal Waters residents embody in their goods at the markets.

- Have you been searching for something individualistic to enhance your wardrobe? You can rug up in hand-knitted vibrant coloured creations and adorn yourself with unique hand-made jewellery that reflects your style.

- If you are looking for practical yet thoughtful gifts there are hand-sketched cards, art pieces, ecology, health and personal development books, plants, gardening produce, skin care products, crystals and other new age products that may just be the thing you are looking for.

When you are finished browsing and buying you are welcome to enjoy a snack or drink at the Kitchen Cafe / Club Tuckerimba. Sit and relax on the cafe deck while you absorb the musical harmonies and various other live entertainment.

And for those that are really adventurous and want to make a whole day of it - there are various Crystal Waters tours available by prior arrangement.
